sales@koehlke.com

As a knowledgeable and reliable distributor, Koehlke offers expert technical support, value added services, and off-the-shelf and customized products delivering the solutions you need when you need them.

## DISTRIBUTION

Our 30,000-square-foot facility, located between Dayton and Cincinnati (Ohio), houses our multi-million dollar inventory. Our comprehensive inventory gives customers centralized access to a vast selection of top-quality Koehlke products, and product lines where Koehlke is proud to be an authorized distributor. Stocked items are able to ship same day.

*Our inventory is searchable in real time at [www.koehlke.com](http://www.koehlke.com).*

*Visit our website or contact our sales team at **877-KOEHLKE** to request a quote or place a purchase order.*

## ON TIME DELIVERY

To reduce customer inventories and lead times, we offer Just In Time (JIT) delivery in our distribution and assembly processes. This increases efficiencies in your product cycle and ensures your product doesn't impact production by arriving too early or late.

## MILITARY QUALIFIED

Koehlke's staff includes an Itinerant Defense Contract Management Representative. Koehlke (Cage Code 5N063) adds value to the following military specifications: M26482, M28840, M28876 and M5015. Further, Koehlke is certified to AS9100, MIL-STD-750 and MIL-STD-45662 sample iaw ANSI/ASQC Z1.4.

## GLOBAL REACH

Koehlke leads new product development with experienced engineers, competitive manufacturing and quality assurance. With sales and technical service offices across the US, Europe and Asia, our supply chain and capabilities are extensive. Koehlke proudly offers our authorized products and customized solutions to domestic commercial and military customers, and to allies around the globe.
